

# LiveLink

## Emerald Wi-Fi Gateway

### Features

- 24/7 Tracking
- Real-Time Response
- Effortless connection
- Usage Monitoring
- Complies with AS4268
- Enables Wi-Fi connection to the Emerald Electricity Advisor
- Compatible with Enciser App

Electricity monitoring - anywhere, anytime.

Enciser’s LiveLink connects the Emerald Electricity Advisor and smartphone via Wi-Fi, providing constant access to live energy data on the Enciser App, whether at home or away.

Simply place the LiveLink device within Bluetooth range of the Emerald Electricity Advisor and connect through Wi-Fi for real-time monitoring. From current consumption to usage history, LiveLink keeps energy data accessible at all times, supporting smarter, energy-conscious decisions.
